From the Cradle of Civilization..

The Journey Began

In the heart of “Monshaat Kaseb” village in Badrashin, founder Waleed Tantawy’s dream kicked off from a small local warehouse. Through dedication and relentless struggle, that local dream has evolved today into Green Valley, a leading and trusted exporter of premium Class 1 fresh produce to the EU, UK, and Gulf markets.

We don’t just ship crops; we deliver a pharaonic legacy of absolute freshness “From Farm to Table.” Driven by cutting-edge packing facilities and strict technical compliance, our sustainable supply chain is fully audited and certified by top international standards:
